

HyFlex®

ADVANCED MECHANICAL PROTECTION

70-205

Light weight Cut resistant style with Heat protection

Cut

Medium Duty

A great combination of superior cut resistance and contact heat protection

- Designed to provide superior mechanical strength in light to medium duty handling and production applications
- In addition to the high cut resistance, these gloves offer enhanced comfort and dexterity to the wearer
- Thanks to the Neptune® coating, the glove fibres repel liquids, avoiding damage to the Kevlar® strands and extending glove life
- The reinforced thumb welt increases abrasion resistance, also adding to the glove durability

Key Features

- Ergonomic design provides comfort
- Kevlar provides Cut performance
- Neptune coating extends the working life protecting the Kevlar fibres and reeling Liquids

Sensitisers

- Natural rubber proteins

Only a very small number of users may be sensitised to this ingredient in the glove and hence may develop irritant and/or allergic contact reactions.
