

9040 – DELTA +

STANDARD	EN ISO 20345: 2011
CATEGORY	S3 SRC
SIZE RANGE	UK 3 – 14
COLOUR	Black
FOOTBED	EVA Foam

DESCRIPTION

9040 DELTA +: Black safety chukka boot with water resistant buffalo leather upper. Deep padded and stitched collar for comfort around ankle for movement on work sites. Triple stitching offers increased durability that is rarely found on entry level safety footwear. Dual density polyurethane anti-static outsole offers increased impact resistance and wearability. The front scuff guard over the toe cap will help the boots last longer and prevent wear and tear on the front of the boot that encounters the most debris. Stainless steel toe cap and midsole will not corrode in wet conditions and offer the strongest safety possible. The outsole is tested and certified for SRC slip resistance on ceramic and steel surfaces for the highest slip resistance certification. Manufactured in accordance with **ISO 9001 Quality Management** and **ISO 14001 Environmental Management** systems.

CONSTRUCTION:	Injection Moulded	INNER LINING:	Breathable Microfibre Textile
UPPER MATERIAL:	Water Resistant Buffalo Leather	FOOTBED:	Foam
TOE CAP:	200 Joules Stainless Steel	OUTSOLE:	Dual Density Polyurethane
MIDSOLE:	Penetration Proof, Stainless Steel	WEIGHT:	595 grams (half pair size 8UK)

HIGHLIGHTS

- **Water Resistant Leather Upper**
- Front Scuff Guard
- Breathable Inner Lining
- Padded Collar
- Dual Density PU Outsole
- **4 D ring design**
- Stainless Steel Midsole
- Stainless Steel Toe cap (EN 20345: 2011)
- Triple Stitched
- Durable Buffalo Leather
- Heat Resistant 130° C
- PU/PU
- Oil Resistant
- Slip Resistant SRC
- Antistatic
- Energy Absorbent Heel
- Padded Rear Ankle Support
- Ladder Grip
- Light Weight
- Injection Moulded
