## SafeGrip PU Wellingtons

Customizable boot height

Oil, fat, chemical resistant

Kick off spur heel

-30°C / -22°F

Best BASF Polyurethane

Anti clog Outsole

These Bodytech PU Wellingtons offer the best comfort, safety and durability in cold environments. They offer thermal insulation down to -30°C / -22°F. These wellingtons will keep your feet dry and warm in cold and wet working conditions. The boots are resistant to oils, fats, organic solvents and a variety of chemicals. The outsoles offer superior safety in all conditions. Thanks to the best BASF Polyurethane raw material these are extremely comfortable thermo boots. Lightweight, strong and flexible with a durability 3 to 4 times longer compared to the traditional pvc and rubber boots. The superior durability offers important cost savings. The removable shockabsorbing and washable insoles support give the comfort you deserve. The best and most comfortable solution for all jobs. No more heavy or tired legs after a hard day's work. Wellingtons have the following certificates: CE, CSA, S4, S5, SRC (SRA + SRB), CI (cold insulation).
