

Estesol® FX™

Solvent-free POWER FOAM hand cleaner

PRODUCT DESCRIPTION

Lightly fragranced, solvent-free POWER FOAM hand cleaner to remove general industrial dirt and grime.

WHERE TO USE

For use in general industrial environments, to remove oils, greases and general grime.

INSTRUCTIONS FOR USE

- For general washing, wet hands first and apply one shot of product
- For removing greasy soilings, apply one shot of product direct to dry hands
- Rub across all parts of the hands and rinse off with clean water
- Dry thoroughly

FORMAT: **FOAM**

FEATURES	BENEFITS
Unique POWER FOAM formula	Specifically formulated to provide the efficiency benefits of foam and yet effectively remove industrial soiling eg; oils, greases and grime. Twice as effective as normal washroom foam soaps. In end user testing, 86% of workers agreed Estesol® FX™ left their hands feeling clean after use.
Highly efficient in use	Only one dose of foam is required for an effective hand wash. Provides up to two times more hand washes compared to traditional lotion hand cleaners.
Caring formulation, ideal for high frequent use	Contains emollients leaving the skin feeling smooth and firm after hand washing. In end user testing, 69% of workers agreed Estesol® FX™ left their hands feeling conditioned after use. Clinical testing shows that after repeated, daily use the skin barrier function remains in a healthy condition.
Effective, solvent free formula	Uses mild, high quality surfactants to provide effective cleaning performance without being harsh to the skin.
User preferred	In real end user testing, 77% of workers prefer Estesol® FX™ compared with their existing traditional lotion hand cleaners.
Lightly fragranced	Appealing to both males and females with no lingering scent.
Awarded with the ECARF quality seal	Ideal for persons suffering from allergies and suitable for sensitive and eczema-prone skin.
EU Ecolabel Certified	The product is certified to have a reduced environmental impact through its life cycle, from extraction of raw materials through to its production, use and disposal.
Quick and easy to use	Dispensed directly as foam on to the hands, reducing the time required to create lather.
Soap-free formulation with skin friendly pH value	Formulated to maintain the skin's acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance.
Silicone-free	Suitable for use in any production sites where paint and surface coating processes are undertaken.
Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.

STATUTORY REGULATIONS

This product is a cosmetic product regulated by and complying with Regulation EC No 1223/2009 (as amended) on Cosmetic Products. Contains biodegradable surfactants in accordance with the Detergents Regulation 648/2004 (as amended).

SAFETY DATA SHEETS

For Safety, Environmental, Handling, First Aid and Disposal information please refer to the Safety Data Sheet which can be downloaded from www.debgroup.com/msds.

SHELF LIFE

This product has a shelf life of at least 30 months from the date of manufacture when stored unopened at room temperature. For shelf life after opening: see indication on packaging.

CERTIFICATIONS

EU Ecolabel Certification

Estesol® FX™ has been awarded the European Ecolabel: registration number UK/030/007.

The product meets the strict requirements of the EU Ecolabel, the voluntary label promoting environmental excellence. The official EU mark promotes products that are designed to have a reduced environmental impact by having a reduced impact on aquatic ecosystems, contain more environmentally friendly ingredients and minimise waste production by reducing the amount of packaging.

ECARF Seal of Quality

The European Centre for Allergy Research Foundation (ECARF) awards the ECARF-quality seal to allergy-friendly products.

Cosmetics can receive this seal when following criteria are met:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitisation, taking into account their specified conditions of use and amount
2. Medically supervised clinical trials by volunteers with atopic dermatitis
3. Approved system of quality control management

QUALITY ASSURANCE

SC Johnson Professional products are manufactured in facilities which follow cosmetic Good Manufacturing Practice (cGMP) requirements.

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in SC Johnson Professional's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

PRODUCT SAFETY ASSURANCE

Skin Compatibility Test

Clinical dermatological tests have been conducted to assess the skin compatibility of the product using voluntary test persons in semi occlusive, 48 consecutive hour application models. These tests, as well as in practical use, have proven that the product has very good skin compatibility. Skin compatibility expert reports are available upon request.

Toxicological Approval

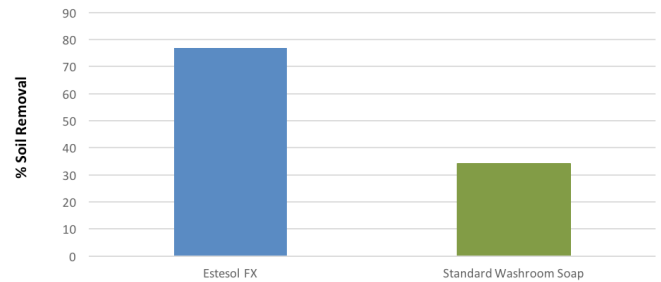

The product has been independently assessed for human toxicity and product stability. It is declared safe for intended use, meeting all relevant regulatory requirements.

PRODUCT TESTING

Cleaning Efficacy Test

The hands of 18 healthy volunteers were prewashed, treated with an artificial soil media and washed using a fixed dosage of 1.2ml of Estesol® FX™ and 1.2ml of standard washroom soap. The residual dirt and cleaning efficacy, respectively was determined after each wash procedure. Testing shows that the cleaning efficacy of same dose of Estesol® FX™ is more than twice as effective as standard washroom soap.

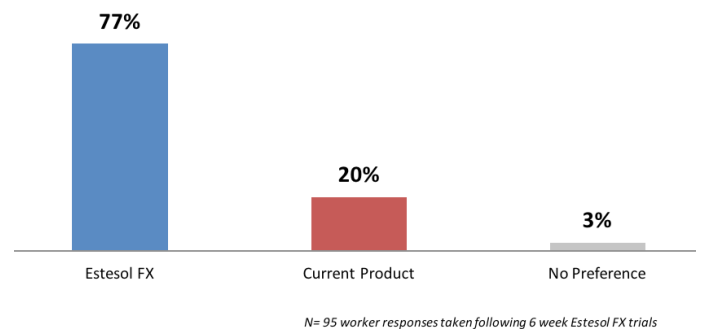

Cleaning Efficacy Testing

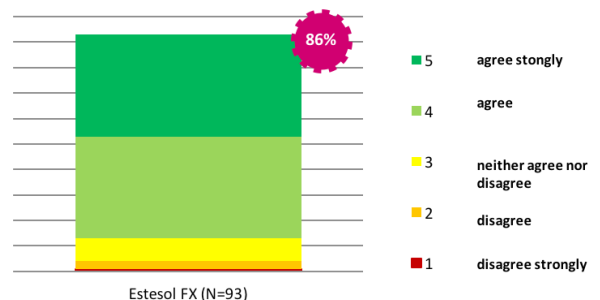

User Preference Test

Estesol® FX™ was tested in extensive end user preference trials. Professions included paper & cardboard manufacture, warehousing, shipyards, food distribution centres. Users confirmed the exceptional cleaning power and excellent skin feel of Estesol® FX™ in comparison with hand cleansers used before.

User Preference Testing Q: which product do you prefer?

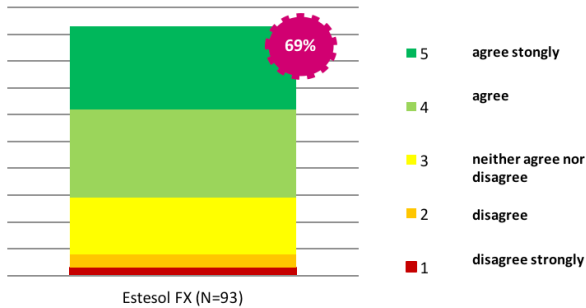

User Preference Testing "Estesol FX left my hands feeling clean after use"

Responses taken following 6 week Estesol FX trial

User Preference Testing "Estesol FX left my hands feeling conditioned after use"

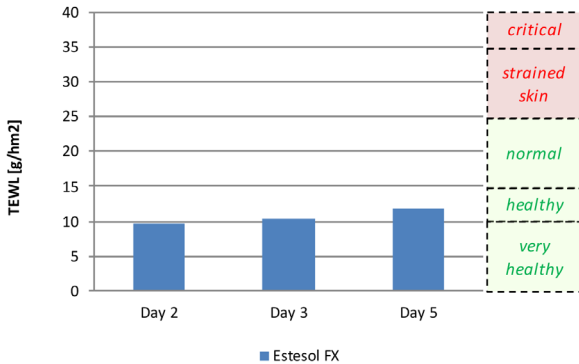

Responses taken following 6 week Estesol FX trial

Repeat Washing Test

Assessment of the effects of Estesol® FX™ using a repeated forearm washing test method over a 4 day period, showed no visible erythema (abrasion induced skin redness) and leaves the skin in healthy condition.

Repeat Washing - Skin Barrier Assessment

COMPATIBILITY TESTS

Rubber Production Process Compatibility

In testing conducted by the Deutsches Institut für Kautschuktechnologie (DIK) in accordance with DIN EN ISO/IEC 17025, the use of Estesol® FX™ in rubber production process does not influence the cohesive strength of rubber.
