

Extract Pro

Carpet and upholstery shampoo

Low foam shampoo for the professional cleaning of carpets and upholstery in conjunction with an extraction machine.

Removes dirt and stains and provides anti-soiling protection in one operation.

Low Environmental Impact - www.evansgreentick.com

- Will maintain and enhance stain resistance.
- Allows dry soil to be easily picked up during vacuuming.
- Contains a fresh floral perfume.
- Suitable for colourfast carpets and upholstery.
- Ideal for use in soft or hard water areas.
- Recommended for pre-spray treatment of badly soiled carpets prior to shampooing.

PRE-SPRAY TREATMENT:

Dilute 1:10 parts water (50 ml per 500 ml / 2 x  per 600 ml) in a spray bottle. Spray heavily soiled areas and traffic lanes prior to shampooing.

GENERAL SOILING:

Dilute 1:60 parts water (80 ml per 5 L / 3 x  per 5 L). For excessive soiling increase dilution to 120 ml per 5 L / 4 x  per 5 L).

Clean carpet starting at the area furthest from the entrance. Spray solution onto the carpet with the carpet wand, using long overlapping strokes followed by 2 or 3 dry passes to extract the liquid and leave the carpet as dry as possible.

When the carpet is completely dry, vacuum to raise the pile.

RELATED ITEMS:

- Spot Light™ - Spot and stain remover.
- Defoamer - Use with extraction machines.
