

## ICE DIAMOND 501

Pull on freezer boot with removable liner for unrivalled warmth and comfort

### Warmth & Comfort

With the extremely warm removable liner technology proving to be 112% warmer than standard freezer footwear.

### Grip

Specially formulated PU doesn't freeze up in cold conditions, so less cracking and better grip.

### Hygienic

The removable liner means during breaks the operator can swap their liners out for a dry pair before the next shift benefitting foot hygiene dramatically and also promoting the longevity of the boot.

Use with **ID502** liner

Sizes: **7/8 - 9/10 - 11/12 (dual sizes)** | Order Code: **ID501**

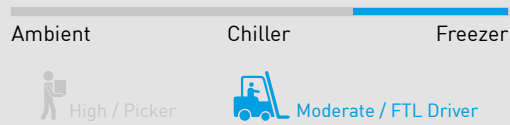

Fabric upper • Ergonomically shaped heel and toe area • EN12568 certified toecap • Pull-on loops • Velcro fabric strap • SRB slip rated • CI tested - testing against the cold

### Typical Application

Used in sub-zero temperature controlled areas, favoured by forklift drivers that prefer a higher level of warmth.

### Usage

Temperature & Activity Guide

**PPE CAT: II**
