

TG1900

The TG1900 is a cut level A glove made from recycled water bottles reclaimed from the beaches and oceans, with one bottle used per pair.

On top of this the glove is also biodegradable, proving to be a much more environmentally friendly option.

The TG1900 is Oeko-tex approved, meaning it is very skin friendly. The cotton content in the liner makes it feel like a second skin and is super soft and comfortable.

Ideal for

- Automotive
- Construction
- Logistics
- Maintenance
- Manufacturing
- Transport
- Warehousing and distribution
