PRODUCT DESCRIPTION:

Heavy weight TPU smock with sleeves. Crafted for environments where hygiene and durability are critical, this food-safe TPU smock/gown delivers reliable protection without compromising comfort. Made from high-quality TPU, it is ideal for food processing, preparation, and handling areas that demand rigorous sanitation standards. Ideal protection against blood, fat, & animal body fluids in work areas.

Reusable & Easy to Clean with Smooth, non-porous surface resists staining and bacterial buildup. Can be easily wiped down. This gown is an eco-friendly alternative with PVC-free and recyclable material.
